We do not compromise with the quality, genuineness and workmanship which leaves a permanent impact on our customers and invariability they recommended our services. We want to develop professionalism in the field.

Turnkey Engineering Services

- Substation up to 66 KV Grade
- LT Distribution System
- HT & LT Cable Laying
- HT & LT Termination
- Internal Lighting Protection
- External Lighting Protection
- Fire Protection Systems
- Communication Systems
- Overhead Transmission Lines
- Overhead Transmission Towers
- DG Sets
- Instrumentation System
- Control Systems

Power Section

- Generator Metering Panel
- Auto Mains Failure Panel (A.M.F.)
- Power Control Center (P.C.C.) Panel
- Motor Control Center (M.C.C.) Panel
- Direct On Line Starter (D.O.L.) Panel
- Star Delta Starter Panel
- High Tension Metering Panel (H.T.)
- Low Tension Panel (L.T.)
- Main Distribution Panel
- Sub Distribution Panel
- MCD Distribution Panel
- Auto Power Factor Control Panel (A.P.F.C.)
- Metering Boxes
- Air Circuit Breaker Panel (A.C.B.)
- Energy Meter Panel
- Load Change-Over Panel
- MCCB Panel

Electric Panels

manufacturers, exporters and suppliers. The company's range of electric panels is used for industrial purposes, generator panel building or apartment construction organization purpose and costume built designs →

Control Section

- Programmable Logic Controller Based Control Panel (P.L.C.)
- A.C. Frequency Controller Panel
- D.C. Panel
- Motor Soft Starter Panel
- Temperature Control Panel
- Machine Operator Panel
- Control Desks
- Special Purpose Machine (S.P.M.) Panel
- Relay Logic Control Based Panel

INFRASTRUCTURE BACKUP

You can be sure to get well-engineered solutions, since we are backed by our own in house, CPRI approved, Panel Engineering facilities.

In the unlikely event of your needing a post sale support or maintenance, we provide after sales services to our clients all over the country. You shall also be getting authorized support anywhere in India / S.E. Asia.

QUALITY ASSURANCE We have been certified to pass the Short Circuit up to 50kA, protection against Ingress of Dust & Water up to IP-54 and Temperature Rise tests, as per relevant BIS Standards. We have our own design, sheet treatment, painting, wiring, assembly and testing facilities for a wide variety of panel and automation solutions. All our products are tested before dispatch.

At each step of manufacturing quality is ensured. We hold training sessions for our staff on a regular basis to up dated their knowledge, so that are clients get the best of products.

Our values

- Dedicated to our customers
- Value our employees
- Stimulating workplace
- Practice and promote safety
- Maintain the highest ethical business practices
